• Mocha

TOOLS

npm-scripts • Grunt • Babel •
bower • yarn •
Chrome Dev Tools •
JSHint •
Git

EDUCATION

CARE SCHOOL OF ENGG

BE IN COMPUTER SCIENCE

2015 | Trichy

EXPERIENCE

OBJECTFRONTIER SOFTWARE

FRONTEND DEVELOPER | JUNIOR

SOFTWARE ENGINEER

Nov 2 2015 to present | Chennai, India

PROFESSIONAL SUMMARY

PASSIONATE JAVASCRIPT DEVELOPER | SCOTCH AUTHOR | KEYBOARD GUY
| FREE TIME I WILL WORK ON MY SIDE PROJECTS TO DIRTY MY GITHUB
CONTRIBUTION GRAPH

CNN-ALERT DISTRIBUTION HUB

- The end user of this application is CNN editors.
- Worked on the changes of existing version to new version of this application like changing the general subscription to category based subscription, UI changes.
- I have contributed to their UI changes. Application was developed using Angular1.3 and Node.js (express.js). Database as MongoDB.

GITHUB-SEARCH | INSPIRED BY TWITTER'S TYPEAHEAD.JS

Live Demo: [github-search](#) Github: [github-search](#)

- Developed using vanilla JavaScript, HTML, CSS. Released the beta version. Published it as Open source.
- Working on new features like making application to work as offline web app and so on. For more information checkout the project on github using above link.

NPM AS BUILD TOOL | BOILERPLATE FOR BUILD TOOL

Github: [npm-build-boilerplate](#)

- Released it as Open Source
- Published this as **package**.

OPEN SOURCE

- I love the open source community and all the knowledge shared across.
- As a way of giving back, I have planned to contribute them.
